Middle School – News Letter

OCTOBER - 2021

Dear Parent,
Greetings from Vista!
We hope that you are staying safe and healthy!

Middle School at Vista School is a really happening place- be it academically, or in the co-curricular activities. Shared here is a coup d'oeil.
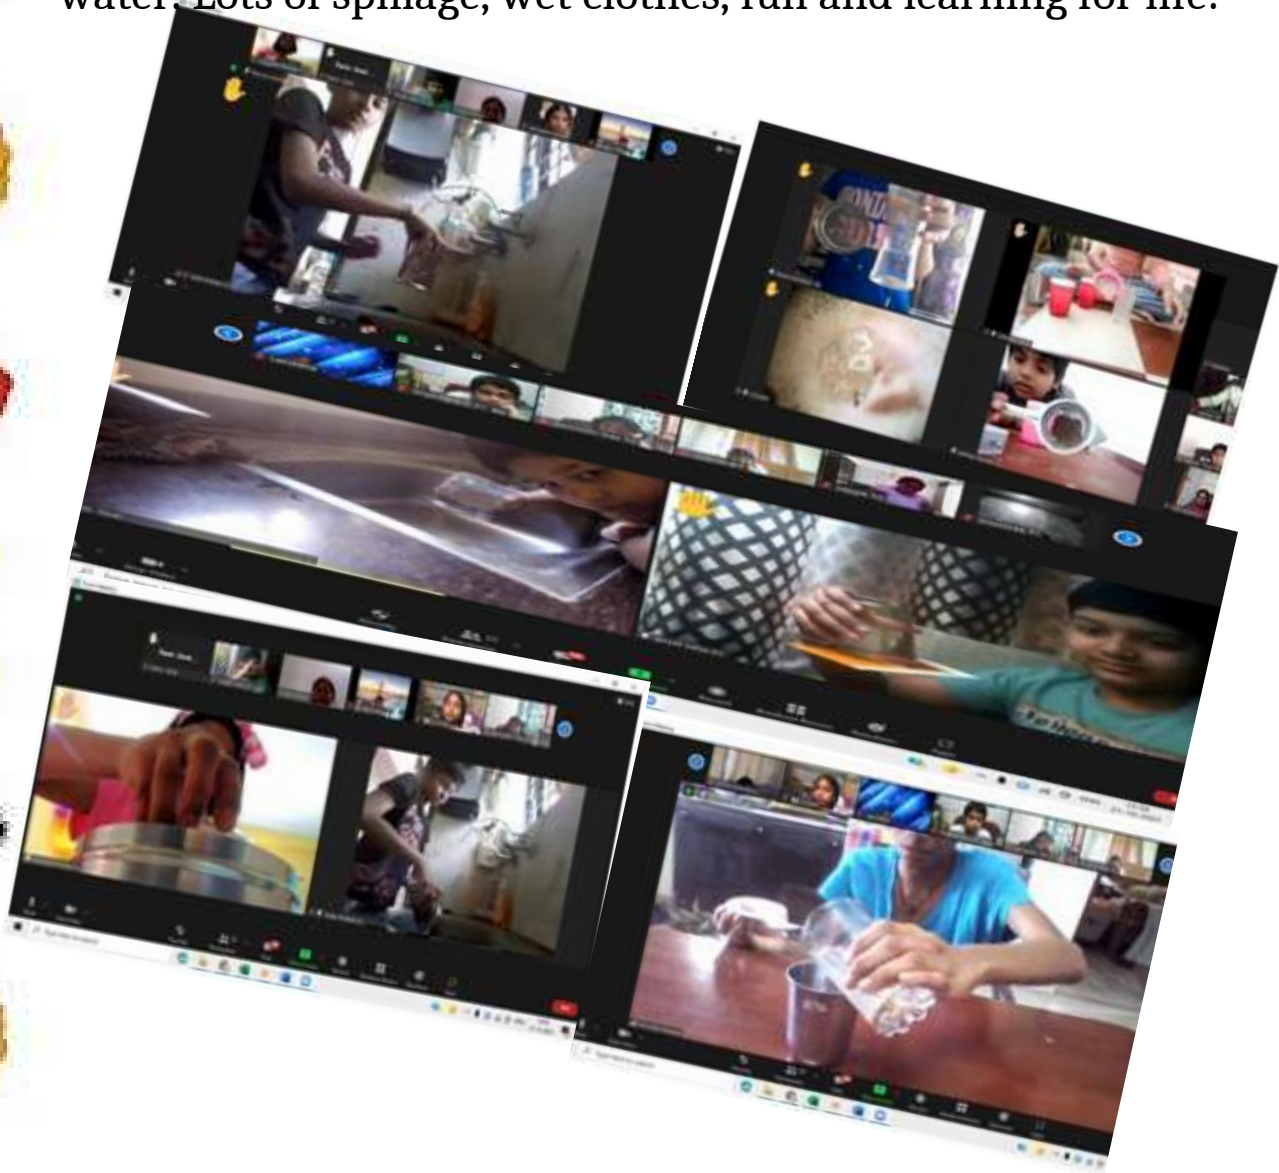

Quote of the month:
"You can never change things by fighting the existing reality. To change something, build a new model that makes the existing model obsolete." – Buckminster Fuller
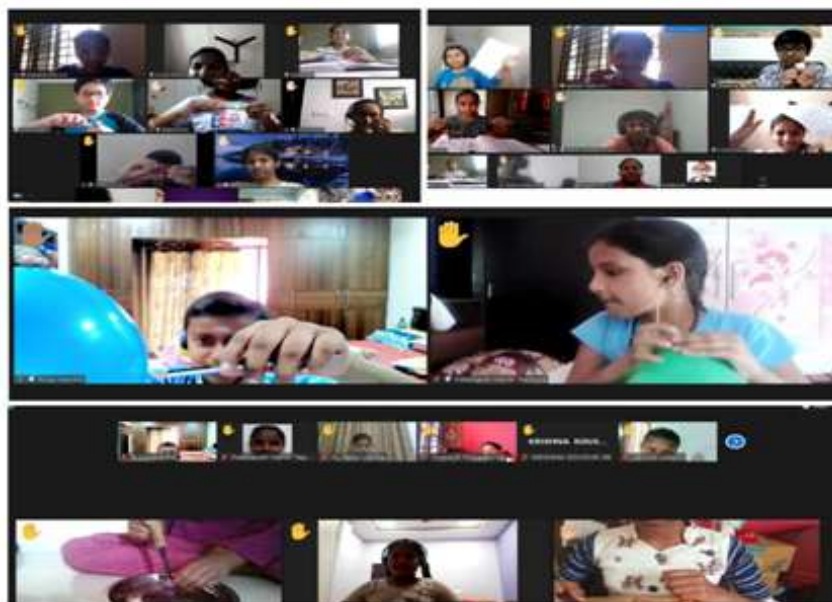

Class Activities

Grade 5 students performed an activity on Properties of Air and Water. Science class turned kitchen sinks into impromptu labs, as students conducted experiments to show properties of air and water. Lots of spillage, wet clothes, fun and learning for life!

Grade 6 students did an experiment on Reversible and Irreversible changes. Some changes are permanent, others are not. Students of grade 6 understood this through a hands-on session, in class using day-to-day objects like papers, balloons, clay and flour.

Young Minds at Work

Grade 7 students performed an activity on Acids, Bases and Salts-Indicators.
The indicators were used to find out whether the given substances were acid, base or neutral.

Learning is an ongoing process and it's the school activities which help students develop deeper understanding about the topics covered.

As a part of Subject Enrichment Activity, Grade 8 students drew a picture of the village and wrote 10 sentences about the same for their II Lang Hindi.

APOTHEOSIS REJUVENATION
